Published by: Universe, 176 pages

### From Amazon:

The Enchanted Ear tells the story of a collector's education, experience and passion: there's the thrill of the chase, the pain of irrevocable loss, the joy of love's labor rewarded. No dry treatise on collecting and restoring antique music boxes, The Enchanted Ear is an on-going narrative of the wonders and perils of life. Collectors will smile in recognition as they read this book. And if you're not a collector, watch out: you may suddenly find yourself wandering through antique shops and auction galleries.

This book is currently in the MBSI Southeast Chapter's lending library so that society members may check it out and read the chapters of interest for their own enjoyment or research.
